

It is important that your grant is used effectively and based on school need. The Education Inspection Framework makes clear there will be a focus on 'whether leaders and those responsible for governors all understand their respective roles and perform these in a way that enhances the effectiveness of the school'.

Under the Quality of Education Ofsted inspectors consider: **Intent** - Curriculum design, coverage and appropriateness Implementation - Curriculum delivery, Teaching (pedagogy) and Assessment **Impact** - Attainment and progress

To assist schools with common transferable language this template has been developed to utilise the same three headings which should make your plans easily transferable between working documents.

Schools funding to make additional sustainable improvements the and Physical Education, School Sport and Physical Activity (PESSPA) the quality of they offer. This means that you should use the Primary PE and sport premium to:

- Develop or add to the PESSPA activities that your school already offer
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- The Primary PE and sport premium should not be used to fund capital spend projects: the school's budget should fund these.

Please visit gov.uk for the revised DfE guidance including the 5 keyindicators across which schools should demonstrate an improvement. This document will helpyoutoreviewyourprovisionandtoreportyourspend. DfEencouragesschools to use this template as an effective way of meeting the reporting requirements of the Primary PE and Sport Premium.

We recommend you start by reflecting on the impact of current provision and reviewing the previous spend.

Schools are required to publish details of how they spend this funding, including any under-spend from 2021/2022, as well as on the impact it has on pupils' PE and sport participation and attainment. The funding should be spent by 31st July but the DfE has stated that there will be no clawback of any unspent money so this can be carried forward into 2023/24.

We recommend regularly updating the table and publishing it on your website throughout the year. This evidences your ongoing self-evaluation of how you are using the funding to secure maximum, sustainable impact. Final copy must be posted on your website by the end of the academic year and no later than the 31st July 2023. To see an example of how to complete the table please click HERE.
